

A Week of Global Education at our school (J.V.Jirsík's Grammar school).

From 18th to 22nd November we experienced A Week of Global Education at our school (J.V.Jirsík's Grammar school). There were a lot of different activities that we did during the week e.g. making an exhibition celebrating The day of Toilets, watching a movie about environmental problems all over the world and a follow-up discussion, listening to a lecture of Mgr. Vladimír Kojan on his visit to Kyrgyzstan, getting information about ERASMUS+ projects and travelling abroad from Mgr. Vladimír Vlasek and many others.
